Gautam,

The New Mexico AG's office was able to send a full copy of the above state ethylene dioxide case. The AG's office is suing Sterigenics (a hospital gear sterilization company) for EtO emissions at the facility under various state law claims. While this is a state matter (and EPA is not a party to the case) the district court judge did ask that EPA and New Mexico Environment Dept. file amicus briefs addressing claims raised in New Mexico's Temporary Restraining Order and Prelim. Injunction as well as EPA's primary jurisdiction. (b) (5)
